Electronic Visit Verification (EVV) – Future Training Survey

Providers have shared with the Department of Social Services (DSS) a need for additional training and support in some areas of the Electronic Visit Verification (EVV) system. DSS is exploring future possible training opportunities and would like to get your feedback on the areas that you need support and which method(s) of training have proven useful in your use of the system. We ask that this survey be disseminated to all office and administrative staff who utilize the Santrax system regularly in their use and maintenance of the EVV system to assist us in preparing future training opportunities.

Please click on the link below to complete this survey by 5 pm on Friday, April 27, 2018. Thank you for your participation.
