

interChange Provider Important Message

Attention: Home Health Providers

Change in “Katie Beckett” – Model Waiver Claims Processing

Effective April 4, 2018, for clients covered under the “Katie Beckett” - Model Waiver program, Explanation of Benefit (EOB) code 1033 - “Attending physician not enrolled on date of service” will no longer set on Home Health claims for procedure code T1016 - Case Management, regardless of date of service, when the attending physician documented on the claim is not enrolled in the Connecticut Medical Assistance Program (CMAP).

Home Health Providers who have experienced claim denials for clients covered under the “Katie Beckett” - Model Waiver program for EOB code 1033 - “Attending physician not enrolled on date of service” when submitting claims for procedure code T1016 should resubmit their claims for reimbursement.
