TO: Physical Therapists, Occupational Therapists, Outpatient Hospitals and Rehabilitation Clinics

As an interim measure in response to the Governor’s recent declaration of a public health emergency as the result of the outbreak of COVID-19 (coronavirus), the Department of Social Services (DSS) is (1) adding procedure code 97542 – wheelchair management (e.g., assessment, fitting, training) each 15 min to the list of eligible codes to be rendered via synchronized telemedicine (live audio and video) and (2) providing billing guidance for wheelchair assessments rendered via synchronized telemedicine.

Effective for dates of service retroactive to April 1, 2020 until DSS has notified providers in writing that the state has deemed COVID-19 no longer to be a public health emergency (the “Temporary Effective Period”), physical therapists (PTs) and occupational therapists (OTs) can render wheelchair assessments via synchronized telemedicine. Providers should refer to provider bulletin (PB) 2020-46 - CMAP COVID-19 Response – Bulletin 35: Emergency Updated Telemedicine Guidance Pertaining to Customized Wheelchairs for all requirements and guidance pertaining to wheelchair assessments rendered via telemedicine.

When a wheelchair assessment is rendered via synchronized telemedicine, eligible providers must bill procedure code 97542 – wheelchair management (e.g., assessment, fitting, training) each 15 min. It should be noted that physical therapy and occupational therapy evaluations (procedure codes 97161-97163 and 97165-97167) are not eligible to be rendered via telemedicine. Please refer to provider bulletin PB 2020-23 - COVID-19 Response – Bulletin 8: Emergency Temporary Telemedicine Coverage for Physical Therapy, Occupational Therapy & Speech Therapy Services for additional information.

Eligible Providers:

The following providers are eligible to render wheelchair assessments via synchronized telemedicine:

- Physical Therapists
- Occupational Therapists
- Outpatient Hospitals
- Rehabilitation Clinics

All applicable federal and state requirements for the equivalent in-person services apply for telemedicine services. Each provider is responsible for ensuring that provision of telemedicine services complies with all applicable requirements, including, but not limited to: DSS regulations, scope of practice requirements, medical necessity and all other billing and documentation requirements.

Please Note: Outpatient hospitals must continue to follow CMAP Addendum B regarding reimbursement for PT and OT services.
