

REMINDER: The deadline for Program Year 2018 Meaningful Use Attestations is March 31, 2019!

Providers wishing to attest to the Medicaid Promoting Interoperability (PI) Program (formerly the Medicaid EHR Incentive Program) for program year 2018 must submit their attestation by 11:59 pm, on March 31, 2019. This deadline only applies to the first submission of the attestation. The provider is able to correct and re-submit the attestation after the deadline if issues are identified in the review by the Myers and Stauffer PI Program staff.

IMPORTANT: March 31, 2019 is a Sunday. The normal business hours for DXC Technology are Monday through Friday 8:00 AM – 5:00 PM. If providers experience technical issues in accessing the Connecticut Medical Assistance Provider Incentive Repository (MAPIR) on the weekend, DXC Technology will not be available for technical assistance.

For program year 2018, eligible professionals (EPs) participating in the Medicaid PI Program must meet the reporting requirements for submitting Meaningful Use (MU) data and Clinical Quality Measures (CQMs). The reporting period for MU is 90 days and 365 days for CQMs (except for first time meaningful users).

Requirements to Participate:

- Must be one of the following provider types: Nurse Practitioners, Physicians, Dentists, Certified Nurse Midwives and Physician's Assistants practicing in a Federally Qualified Health Center (FQHC) that is led by a Physician Assistant.
- Must have 30% Medicaid patients by volume for any eligible 90 day period (20% for pediatricians).
- Must be using 2014 or 2015 edition Certified EHR Technology (CEHRT).
- Must have attested to the program in a previous year.
