Rates for 2017 Medicaid Ambulatory Surgical Center Fee Schedule

Effective January 1, 2017, the Connecticut Medical Assistance Program will post interim rates for new Current Procedural Terminology (CPT) codes for the 2017 Ambulatory Surgical Center fee schedule. Thereafter, when the final Medicare rates are obtained, claims that have been submitted with any of the new codes will be mass adjusted. Providers will be notified by the Department when the update fee schedule is posted.
