

# interChange Provider Important Message

## **Attention: Outpatient Hospitals - CMAP Addendum B Updates to January 1, 2023 Version**

An updated PDF and Excel version of the Connecticut Medical Assistance Program (CMAP) Addendum B V24.0 has been approved by the Department of Social Services (DSS) and has been added to the Hospital Modernization page on the [www.ctdssmap.com](http://www.ctdssmap.com) Web site.

The Addendum B was updated as a result of the changes communicated in PB [2023-09](#) - Reimbursement for Intermediate Substance Use Disorder (SUD) Treatment at Outpatient Hospitals. Those changes are effective for dates of service March 1, 2023, and forward. Note that hospitals will see a new tab on CMAP Addendum B titled ASAM Level of Care in support of these changes.

Any questions on the updated version of the CMAP Addendum B should be submitted to Gainwell Technologies using the following e-mail address: [ctxihospipay@gainwelltechnologies.com](mailto:ctxihospipay@gainwelltechnologies.com).
