Attention: Home Health Providers

REMINDER: Sandata Agency Management (SAM) Training Dates and Registration Links for Existing & New Users

Gainwell Technologies would like to remind home health providers to sign up for one of the two types of training regarding utilization of the State's Electronic Visit Verification (EVV) system, i.e., SAM, to capture home health visit data: a *DELTA* training geared towards home health providers currently using SAM; or the series of training sessions for new SAM users. These trainings are being hosted by Sandata Technologies to support the Home Health Care Services (HHCS) EVV implementation for non-waiver members. Please note, the first *DELTA* session is scheduled for next **Tuesday, April 11, 2023**.

Also please note, providers using their own EVV system, i.e., an Alternate EVV solution, to capture visit data will not need to attend these trainings. For questions related to Alternate EVV support, providers can contact Sandata at the following email address: ctaltevv@sandata.com.
