ATTENTION PROVIDERS: DON'T MISS OUT - FINAL OPPORTUNITY - ACTION NEEDED - STATEWIDE HEALTH IT SURVEY EXTENDED THRU MAY 14, 2021

The Connecticut Office of Health Strategy (OHS) and the Department of Social Services are gathering input from stakeholders across the health and human services ecosystems in Connecticut on current and future health IT needs, capabilities, and gaps to support coordinated care, patient engagement, program administration, research, and reporting requirements, which will be captured in an updated *Five Year Statewide HealthIT Plan*, a guide for future planning, investments, and governance of the health IT and health information exchange (HIE) infrastructure for the state of Connecticut. Please take 20 minutes to ensure your organization's perspectives are included in this important work.

Please access the appropriate survey below:

- **Ambulatory clinics/providers**
