

interChange Provider Important Message

Revised CT Medical Assistance Program (CMAP) Telehealth Table – Addition of procedure code S0199 – Effective October 16, 2023

Effective for dates of service October 16, 2023, and forward, providers eligible for reimbursement for procedure code S0199 (Med abortion inc all ex drug) may perform this service via telemedicine only (synchronized audio-visual), under the CMAP Telehealth policy.

Providers are reminded that the CMAP Telehealth Table outlines the services that are eligible under the CMAP Telehealth policy. Providers **must** refer to their applicable fee schedule to identify the services for which they are eligible to bill.

Additionally, providers must continue to refer to the policy guidelines listed on the CMAP Telehealth Table, PB 2023-38, the CMAP Telehealth FAQs and any other provider bulletin/guidance published regarding coverage of services via telehealth.

No other changes have been made to the CMAP Telehealth Table. Providers are encouraged to monitor the CMAP website (www.ctdssmap.com) frequently for updates to the CMAP Telehealth policy and to ensure that you are accessing the most current version of the CMAP Telehealth Table.
