

# interChange Provider Important Message

**Attention: Connecticut Home Care (CHC), Personal Care Assistant (PCA), Acquired Brain Injury (ABI), Autism Waiver Service Providers and Support and Planning Coach (S&PC) Providers**

**RE: New Fiscal Intermediary (FI) for Connecticut, *GT Independence* to support Waiver and S&PC Credentialing Process**

Providers working on credentialing through Allied Community Resources should continue to do so until March 24, 2024. Autism Waiver Service providers previously credentialed by the Department of Social Services (DSS) Community Options unit, will transition to GT Independence when renewing their credentials prior to their next reenrollment period. More information on credentialing, including an updated credentialing process will be coming soon. The current credentialing process will continue, until more information is made available.
