

# interChange Provider Important Message

**Attention: Physicians, Physician Assistants, Advanced Practice Registered Nurses, Certified Nurse Mid-wives, and General Acute Care Hospitals**

The Department of Social Services (DSS) has re-issued provider bulletin, PB 19-60 *Increasing the Reimbursement Rate for Select Long-Acting Reversible Contraceptive Devices*.

The revised provider bulletin contains the correct reimbursement rates as follows:

Procedure Code	Description	Corrected Reimbursement Rates
J7297	Liletta 52 mg	\$749.40
J7307	Etonogestrel implant	\$934.82

Any claims billing these LARCs with the date of service of October 1, 2019 and forward will be automatically identified and re-processed in a future claim cycle. No further action will be required by the provider.

All other guidance or billing instructions remains the same.

We apologize for any inconvenience this may have caused.
