Announcement: MAPIR is now open for Program Year 2019

All eligible providers may now begin submitting PY2019 attestations for the Medicaid Promoting Interoperability Program to MAPIR.

The EHR reporting period for Meaningful Use is 90 days and Clinical Quality Measures (CQMs) for all participants is 365 days (except for first time meaningful users).

Requirements to Participate:

- Must be one of the following provider types: Nurse Practitioners, Physicians, Dentists, Certified Nurse Midwives and Physician's Assistants from FQHCs.
- Must have 30% Medicaid patients by volume for any eligible 90 day period (20% for pediatricians).
- Must be using 2015 edition Certified EHR Technology.
- Must have attested to the program in a previous year.
