RE: Incorrect Use of HCPCS Code K0108 to Bill for Wheelchair Tray

Effective for dates of service October 1, 2018 and forward, the Department of Social Services (DSS) will follow Medicare's correct coding guidance pertaining to wheelchair trays, which will no longer be allowed to be billed under Healthcare Common Procedure Coding System (HCPCS) procedure code K0108 (wheelchair component or accessory, not otherwise specified). **The correct procedure code to bill for a wheelchair tray is procedure code E0950 (Wheelchair Accessory, tray, each).** This policy transmittal supersedes only the wheelchair trays which were listed under provider bulletin PB 2018-14 "Changes to Pricing Methodology for Certain Miscellaneous Custom Wheelchair Components Billed under Procedure Code K0108", which was issued by DSS in February 2018.

The remaining information contained in bulletin PB 2018-14 remains in full force and effect. Please note that the Miscellaneous Custom Wheelchair Component Pricing List is posted on the HUSKY Health Web site at www.ct.gov/husky. To access the link, click on "**For Providers**" followed by "**Policies, Procedures and Guidelines**" under the "**Medical Management**" menu item. Scroll down to "Clinical Policies" and click on "**DSS Pricing Policy for MEDS Items**".
