- **RE:** Updated Coding Guidelines for the Behavioral/Developmental Component of Multi-Disciplinary Examinations

The Department of Social Services (DSS) is updating the billing guidelines regarding Multi-Disciplinary Examinations (MDEs) provided for children covered by HUSKY Health who are in the custody of the Connecticut Department of Children and Families (DCF).

The changes in billing apply to the Behavioral/Developmental component of MDE examinations only. These changes are effective for dates of service January 1, 2019 and forward. Providers should continue to use Provider bulletin (PB) **2017-68** "Updated Guidance Regarding Multi-disciplinary Examinations" for billing guidelines for the medical and dental portions of MDE services.

The changes in coding were due to the annual Health Insurance Portability and Accountability Act (HIPAA) update. Please see Provider Bulletin **2019-10** - *2019 Fee Schedule HIPAA Compliant Update for Psychological and Neuropsychological Testing* for further information regarding the changes to psychological and neuropsychological testing.

#### FEDERALLY QUALIFIED HEALTH CENTERS (FQHCs)

Encounters for MDE services rendered in an FQHC setting should be coded using the procedure code **T1015** (Clinic visit/Encounter, All-Inclusive) <u>in conjunction</u> with the appropriate procedure code(s) listed above. The FQHC is eligible to receive its full medical, dental, or behavioral health encounter reimbursement for each of the components that is provided and for which it is separately enrolled and licensed. However, each component must be submitted on a separate claim.

## **CLINICS**

Clinics performing MDE services must bill the appropriate procedure code(s) from the above list. Procedure codes billed for MDE services must be on the applicable clinic fee schedule to be eligible for reimbursement. The reimbursement amount for each MDE component will vary based on the provider type and/or applicable fee schedule.

## **OUTPATIENT HOSPITALS**

Hospitals billing for MDE services must use the Revenue Center Code (RCC) and procedure code combinations listed below for each component of the MDE services rendered.

#### **Behavioral/Developmental Services:**

The behavioral health component of an MDE service provided in an outpatient hospital setting will be reimbursed based on Ambulatory Payment Classification (APC) methodology. Hospitals should utilize the Connecticut Medical Assistance Program's (CMAP's) Addendum B to determine the method of payment. Like other behavioral health services, the behavioral health component of the MDE is considered an all-inclusive rate and professional fees are not reimbursed separately.

Revenue Center Code	Billable Procedure Code	Description
900 – BH General Classification	90791	Psychiatric diagnostic evaluation
900 – BH General Classification	90792	Psychiatric diagnostic evaluation with medical services
918 – BH testing	96116, 96121, 96130 96131, 96132, 96133 96136, 96137	Psychiatric Testing and Neuropsych ological Testing

**<u>Please Note:</u>** Due to procedure codes 96136 and 96137 being used for psychological testing and neuropsychological testing, modifier **TF** - *INTERMEDIATE LEVEL OF CARE* **<u>must</u>** be appended to neuropsychological services to receive the correct reimbursement rate.

## **Behavioral Health Registration**

The CT BHP registration process must be completed prior to claim submission for the behavioral health component of the MDE. For authorization for behavioral health services, contact Beacon Health Options at 1-877-552-
