RE: Adding Ocrelizumab to the Physician Office & Outpatient Fee Schedule

1

Effective for dates of service March 1, 2020 and forward, the Department of Social Services (DSS) will be adding Healthcare Common Procedure Coding System (HCPCS) code J2350 – Ocrelizumab to the physician office and outpatient fee schedule.

Effective for dates of service March 1, 2020 and forward, the reimbursement rate is as follows:

Code	Description	Price
J2350	Ocrelizumab	\$57.42

Providers must include the Health Insurance Portability and Accountability Act (HIPAA) standard 11-digit National Drug Code (NDC) on all claims when billing for physician-administered drugs to avoid being denied or reimbursed incorrectly.

For instructions on how to format the NDC into a HIPAA standard 11-digit NDC, providers should refer to Chapter 8 on the Connecticut Medical Assistance Program (CMAP) Web site, www.ctdssmap.com, and select the appropriate provider type from the drop down menu.

Accessing the Fee Schedule:

The updated fee schedule can be accessed and downloaded from the Connecticut Medical Assistance program (CMAP) Web site: www.ctdssmap.com. From the home page, go to "Provider", then to "Provider Fee Schedule Download". Click on the "I accept" button and proceed to the appropriate fee schedule. To access the CSV file, press the

control key while clicking the CSV link, then select "Open".

For questions about billing or if further assistance is needed to access the fee schedule on the CMAP Web site, please contact the Provider Assistance Center, Monday through Friday from 8:00 a.m. to 5:00 p.m. at 1-800-842-8440.
