## Attention: Residents

Hewlett Packard Enterprise will begin to send out re-enrollment notification letters to resident providers starting January 1, 2017. Residents with a residency period greater than three years who are reaching the end of their enrollment period will be required to re-enroll. The notification letter will be sent 6 months prior to your re-enrollment due date. The re-enrollment letter will contain the Application Tracking Number (ATN) and provider ID required to access the re-enrollment application via the online Re-enrollment Web Wizard, and will include instructions on how to re-enroll. Residents whose residency ends prior to their re-enrollment date, do not need to re-enroll.

If the residency period is continuing after the re-enrollment due date it is imperative that providers successfully complete the re-enrollment application as quickly as possible upon receipt of their notice. Residents with re-enrollment applications that are not fully completed by the residents' re-enrollment due date will receive a notice advising they have been dis-enrolled from the Connecticut Medical Assistance Program (CMAP).

To re-enroll residents will need to go to the [www.ctdssmap.com](http://www.ctdssmap.com) and select provider re-enrollment from the provider drop-down menu and enter the ATN and NPI or AVRS ID and click search.
