

EHR Incentive Program: UConn Review Team Web site Change

The UConn Attestation Review Team (formerly known as CHATTER) has been incorporated into a new department called UConn AIMS (Analytics and Information Management Solutions). The CHATTER Web site has been moved to the UConn [AIMS Web site](#).

The CHATTER Web site EHR Incentive Program pages will now redirect to the new AIMS EHR pages, so all saved links and bookmarks should still be viable. However, the UConn Review Team recommends that program participants update their links using the new URL (<http://aims.uconn.edu/ehr-incentive-program/>). This should prevent any errors from occurring due to future Web site changes.

For access or other technical issues pertaining to the new Web site, please contact the review team at ctmedicaidehr@uconn.edu or 1-844-607-7455.
