**RE: 1. January 2025 Quarterly HIPAA Updates-Physician-Office and Outpatient, and Physician Surgery Fee Schedules 2. Physician Administered Drug Reimbursement Updates**

**1. January 2025 HIPAA Updates:**

Effective for dates of service January 1, 2025 and forward, the Department of Social Services (DSS) is incorporating the January 2025 Healthcare Common Procedure Coding System (HCPCS) changes (additions, deletions and description changes) to the physician office and outpatient, and surgical fee schedules.

DSS is making these changes to ensure that these fee schedules remain compliant with the Health Insurance Portability and Accountability Act (HIPAA). Providers should continue to refer to the fee schedule for prior authorization and reimbursement information. The changes apply to services reimbursed under the HUSKY Health (A, B, C and D) programs.

Please note: DSS will be updating the CMAP Telehealth Table on the [Telehealth Information page](#) and issuing a separate provider bulletin updating the procedure codes used to bill for audio-only and audio/visual services based on the HIPAA updates.

**2. Updating Physician Administered Drugs:**

The rates for physician-administered drugs, immune globulins, vaccines, and toxoids will be revised to equal 100% of the January 2025 Medicare Average Sales Price (ASP) Drug Pricing file. Providers should continue to review [PB 18-10 Updates to the Reimbursement Methodology for Physician-](#)

*Administered Drugs, Immune Globulins, Vaccines and Toxoids* for more information on billing physician administered drugs.
