RE: Increased Rates for All Home Health Aide Services

Effective for dates of service retroactive to August 1, 2021 and forward, the reimbursement rate for all home health aide services provided by home health agencies was increased by 6% as described below.

Options (CT BHP) for greater than 14 hours of home health aide services per week.

Electronic Visit Verification (EVV) and Billing Instructions:

HCPCS Codes	Description	Pre 8/1/21 Rates	Rates Effective 8/1/21
T1004	Services of a qualified nursing aide, up to 15 minutes	\$6.49	\$7.11
T1021	Home Health aide or certified nurse assistant	\$29.51	\$32.31

Home Health agencies who submit Electronic Visit Verification (EVV) mandated services to Gainwell Technologies for claim adjudication via the Santrax system must update their Master Rates to the usual and customary rates for dates of service August 1, 2021 in their Sandata database prior to billing claims for dates of service August 1, 2021 and forward via the Sandata system.

Billing Instructions:

Paid claims where the detailed billed amount is equal to or greater than the new allowed amount will be systematically adjusted in a future rate mass adjustment. Gainwell Technologies will identify and reprocess these claims without any additional work on the part of providers. Providers are encouraged to bill their usual and customary charge when submitting claims to ensure the systematic reprocessing of their claims whenever a rate change occurs.

Home Health agencies are encouraged to refer to the “Billing Rates” document by clicking on “Electronic Visit Verification” then “New Provider Information” then “Welcome Kit” then “Billing Rates” for assistance in updating their usual and customary rates in their Santrax system. Providers may also click the link below to access the “Billing Rates” document from the www.ctdssmap.com Web site Home page:

Prior Authorization (PA) Process:

No changes have been made to the PA process and home health agencies must continue to request prior authorization from the medical administrative services organization (ASO), Community Health Network of Connecticut, Inc. (CHNCT), or the behavioral health ASO, Beacon Health

Providers who have submitted claims at the previously allowable rate via EVV must first fully recoup the claim using the Connecticut Medical Assistance Program (CMAP) secure Web portal, www.ctdssmap.com, or via an 837 electronic transaction. Claims must then be rolled back in EVV and resubmitted to obtain the new rate.

Providers who have submitted claims at the previously allowed rate outside of EVV must adjust their claims via the CMAP secure Web portal, www.ctdssmap.com, or electronic 837 transaction to obtain the new rate.

Accessing the Fee Schedule:

The updated fee schedule can be accessed and downloaded by going to the CMAP Web site: www.ctdssmap.com. From this Web page, go to “Provider”, then to “Provider Fee Schedule Download”, scroll to the bottom of the page and click on “I Accept”, then select the applicable fee schedule. To access the PDF file, click on the PDF icon for the Home Health fee schedule.
