**RE: Updating Physician Administered Drugs on the Medical Clinic Fee Schedule**

Effective for dates of service January 1, 2023, and forward, the Department of Social Services (DSS) will update the rates for physician administered drugs on the Medical Clinic fee schedule to be consistent with the January 2023 Medicare Average Sales Price (ASP) Drug Pricing file.

The rates for physician-administered drugs, immune globulins, vaccines, and toxoids will be revised to equal 100% of the January 2023 Medicare ASP Drug Pricing file. Providers should continue to review [PB 2018-10 Updates to the Reimbursement Methodology for Physician-Administered Drugs, Immune Globulins, Vaccines and Toxoids](#) for more information on billing physician administered drugs. Please refer to the dialysis clinic fee schedule for codes eligible for reimbursement and January 2023 reimbursement updates.

This change applies to services reimbursed under the HUSKY Health A, B, C and D programs.
