TO: Private Non-Medical Institution Providers

RE: Private Non-Medical Institution (PNMI) Rates for Adult Mental Health Rehabilitation Services

The purpose of this policy transmittal is to notify Private Non-Medical Institutions (PNMI) that are reimbursed for providing rehabilitation services to adults in mental health group homes that the PNMI Medicaid rates have been updated for dates of service on or after July 1, 2022.

The updated rates for dates of service on or after July 1, 2022 are based upon the Department of Mental Health and Addiction Services (DMHAS) cost filings and time studies. The prospective rates are based upon allowable service costs for the cost period ending twelve (12) months prior to the start of the rate period updated by the projected increase in the consumer price index for urban consumers. The PNMI rates are authorized for adult residents eligible for HUSKY A, HUSKY C and HUSKY D that receive rehabilitative services provided by private non-profit group homes licensed by the Department of Public Health and certified by DMHAS for the periods indicated.

Distribution: This policy transmittal is being distributed to providers of the Connecticut Medical Assistance Program by Gainwell Technologies.

Responsible Unit: Department of Social Services (DSS), Division of Health Services, Reimbursement and Certificate of Need (CON), David Dettore, Associate Accountant, (860) 424-5935
