RE: Private Non-Medical Institution (PNMI) Rate for Adult Mental Health Rehabilitation Services

The purpose of this policy transmittal is to notify Private Non-Medical Institutions (PNMI) that are reimbursed for providing rehabilitation services to adults in mental health group homes that the PNMI Medicaid rate has been updated for dates of service on or after July 1, 2024.

The updated rate for dates of service on or after July 1, 2024 is based upon the Department of Mental Health and Addiction Services (DMHAS) cost filings and time studies. The prospective rate is based upon allowable service costs for the cost period ending twelve (12) months prior to the start of the rate period updated by the projected increase in the consumer price index for urban consumers. The PNMI rate is authorized for adult residents eligible for HUSKY A, C & D that receive rehabilitative services provided by private non-profit group homes licensed by the Department of Public Health and certified by DMHAS for the periods indicated.
