## **For PCS Providers/Vendors using Alternate EVV:**

A provider's Alternate EVV vendor must complete the testing & certification process with Sandata in order for the provider to receive their EVV production credentials. The provider must then complete Sandata's self-paced Aggregator training. The training courses on the Aggregator Learning Management System (LMS) can be accessed by clicking the following link: <https://www.sandatalearn.com/g/667b68218bed9ecfb79257b266f08b9670bb2181>. When logging into the LMS for the first time, a user will need to click "Sign Up". On the "Create an account" webpage, a user should enter a first & last name, email address, and password. Next, the user should click "Sign Up." After reaching the LMS homepage, the user can view & start the Sandata Aggregator trainings. For subsequent logins, a user should utilize the abovementioned link and enter the email address and password connected to the LMS.
