# Provider Bulletins

## Provider Bulletins

- Access the Publications page by selecting Publications from either the Information box on the left hand side of the home page ([www.ctdssmap.com](http://www.ctdssmap.com)) or from the Information drop-down menu.
- Bulletin Search allows you to search for specific bulletins (by year, number, or title) as well as for all bulletins relevant to your provider type.
  - When searching by provider title, you can search by any word as long as that word is in the title of the bulletin.

# Provider Bulletins

## Provider Bulletin 2013-44 "Claims for Outpatient Surgery and Pathology Lab Services"

- The purpose of this bulletin is to notify outpatient hospitals that effective November 1, 2013, the Department of Social Services (DSS) will require hospitals to bill all laboratory services, including Revenue Center Codes (RCC) 310-319 (laboratory-pathology) to bill with an appropriate CPT code.
- The bulletin also provides a link to access the lab fee schedule.

# Hospital Billing Changes

## Revenue Center Codes 310-319

- Outpatient hospitals will be required to bill for RCCs 310-319 with a CPT code in the same manner hospitals currently bill for RCCs 300-309.
- Hospitals should no longer lump those services under one detail line and will be required to list all services separately with the appropriate CPT code.
- RCC billed without a CPT code will deny with Explanation of Benefits (EOB) 391 "Revenue Center Code Requires a HCPCS/Procedure Code."

# Hospital Billing Changes

## Revenue Center Codes 310-319

- Effective November 1, 2013, payment for tests billed under RCCs 310-319 will be either paid at the fee listed on the consolidated lab fee schedule or remain as a cost to charge ration.
- Please refer to the following link to determine if the RCC + CPT combination will be paid off the Department's consolidated fee schedule or as a ratio of costs to charges.

➤ <http://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/HospitalOutpatientPPS/Addendum-A-and-Addendum-B-Updates.html>

# Hospital Billing Changes

## Revenue Center Codes 310-319

- If the status indicator (SI) is "X" the RCC + CPT combination will pay as a ratio of cost to charge based on the hospital's fee schedule for RCC 310-319 per DSS rate agreement letter.
- If the status indicator is any value other then "X", such as "A", "N" or "E" the claim will pay based on the Consolidated Lab Fee Schedule.
  - The Laboratory Fee Schedule can be accessed and downloaded by going to [www.ctdssmap.com](http://www.ctdssmap.com), then go to "Provider", then to "Provider Fee Schedule Download", then to the "Lab" fee schedule. To access the CSV file press the control key while clicking the CSV link, then select "Open".

# Hospital Billing Changes

Revenue Center Codes 310-319

- If the lab service is not on the Consolidated Lab Fee Schedule the service will be denied with EOB 4831 "Service is Not Payable on Date of Service." Example: Procedure code 88105.

# Ordering, Prescribing, Referring (OPR) Requirements and Edits

- Sections 6401 and 6501 of the Affordable Care Act (ACA) mandate that ordering and referring providers who render services to HUSKY clients be enrolled in the Connecticut Medical Assistance Program (CMAP). To support this mandate, beginning with claim dates of service May 1, 2013, DSS implemented new claim edits to validate that attending, referring, and rendering providers submitted on Institutional claims are enrolled in the CMAP.
- EOB 1033 “Informational Only - Attending physician not enrolled on date of service.”
- EOB 1034 “Informational Only - Rendering provider not enrolled on date of service.”

# OPR Requirements and Edits

- These edits were originally implemented in a post and pay status which means if the provider is not enrolled, the edit will be displayed on the claim, but the claim will not be denied for that reason. This post and pay period will allow DSS to assess the impact of setting these edits to deny and enable billing providers to identify those providers who still need to enroll in CMAP.

Explanation of Benefit Code	Claim Type	Paper claim location	Web claim location	PES claim location	ASC X12 837 Loop	ID Qual
1033 Informational Only - Attending physician not enrolled on date of service	Institutional	Field 76	Institutional claim panel	Header 2	Header: 2310A	71
1034 Informational Only - Rendering provider not enrolled on date of service	Institutional	Fields 78 or 79	Institutional claim panel	Field not present	Header: 2310D Detail: 2420C	82

# OPR Requirements and Edits

- EOB 1033 “Attending Physician not Enrolled on Date of Service” will begin to deny on outpatient claims, including Medicare crossover claims, starting with dates of service on or after **(TBD)** if the referring provider is not on the submitted claim, and the claim contains a RCC in Attachment A\* and the attending provider is not enrolled in CMAP.
  - \* Attachment A RCC list can be found under provider bulletin **2013-XX** “The Implementation of the Ordering, Prescribing, and Referring (OPR) Claim Edits” or under the Web site [www.ctdssmap.com](http://www.ctdssmap.com), under Information, Publications then Provider Manual Chapter 8 – Hospitals.
- EOB 1034 “Informational Only - Rendering provider not enrolled on date of service” will be inactivated and it will no longer appear on hospital claims.

# OPR Requirements and Edits

- The following edit will begin to deny claims beginning with dates of service November 1, 2013 and forward on Inpatient and Outpatient claims.
  - EOB 1035 "Referring physician not enrolled on date of service."

Explanation of Benefit Code	Claim Type	Paper claim location	Web claim location	PES claim location	ASC X12 837 Loop	ID Qual
1035 Informational Only - Referring provider not enrolled on date of service	Institutional	Fields 78 or 79	Institutional claim panel	Field not present	Header: 2310F Detail: 2420D	DN

# OPR Requirements and Edits

- For inpatient and outpatient claims only, if the referring provider NPI is entered on the claim and they are not enrolled it will deny with EOB 1035 "Referring Provider Not Enrolled on Date of Service" effective with dates of service on or after 11/1/2013.
- For Medicare Crossover Claims begin to deny claims with dates of service on or after 12/1/2013.
- Referring provider is only required when different than the attending provider. This edit will only set if there is a provider number in the referring field and the provider is not enrolled on the date of service.

# OPR Requirements and Edits

- The NPI of the attending physician supervising the care of the patient should be submitted on the claim if the ordering or referring provider is an unlicensed resident, as unlicensed residents are not permitted to enroll in CMAP.
- The supervising attending physician is the physician who is supervising the resident who is providing the *immediate* care of that particular patient.

# OPR Enrollment

## Provider Enrollment Clarification

- Providers employed or contracted by the hospital must be enrolled in CMAP.
- To determine whether a provider is enrolled, refer to the following link on the Husky Health Web site:  
[http://www.huskyhealthct.org/provider\\_lookup.html](http://www.huskyhealthct.org/provider_lookup.html).
- To determine whether a behavioral health provider is enrolled, contact Value Options @ 1-877-55-CTBHP or 1-877-552-8247
- To determine whether a dental provider is enrolled, contact the Connecticut Dental Health Partnership at 1-855-CT-Dental or 1-855-283-3682

# OPR Enrollment

## Provider Enrollment Clarification

- When enrolling these providers the hospital/provider must select the enrollment option of Employed/Contracted by an Organization and **not** the Ordering, Prescribing, Referring provider only option.
- The Ordering, Prescribing, Referring enrollment option is strictly for those providers who are not affiliated with an organization.

# OPR Enrollment

## Provider Enrollment Clarification

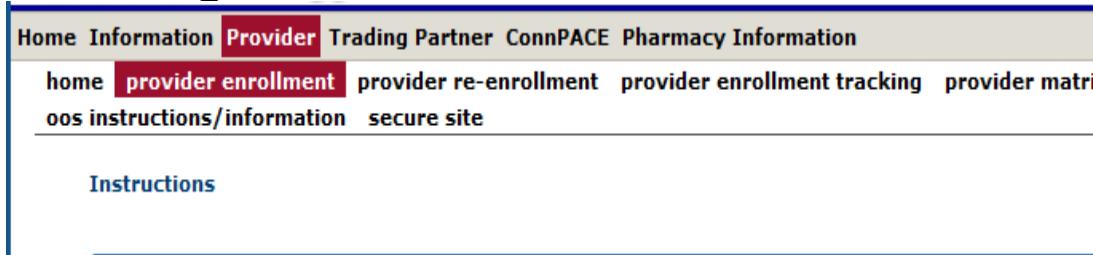

- The following is a list of required provider types for hospital based providers that must be enrolled.

Practitioner	Provider Type
Physician	31
Advanced Practice Registered Nurse (APRN)	09
Psychologist	33
Physician Assistant (PA)	97
Certified Nurse Midwife (CNM)	32
Dentist, with the exception of hygienists	27
Chiropractor	15
Podiatrist	14
Audiologist	17

# OPR Enrollment

## Provider Enrollment Clarification

- The provider enrollment wizard is available via the Web site by clicking on Provider, then Provider Enrollment.

# OPR Enrollment

## Provider Enrollment Options:

- Employed/Contracted by an organization.
- Ordering/Prescribing/Referring provider only.

**Participation Type**

Required fields are indicated with an asterisk (\*).

Please indicate how you wish to participate in the Connecticut Medical Assistance Program:\*

Individual practitioner  
 Employed/Contracted by an organization  
 Ordering/Prescribing/Referring provider only

Individual practitioner - An individual practitioner provider would be a single individual who is considered the biller and performer of service. An example would include a single physician office practice. Reimbursement will be made directly to the individual practitioner.

Employed/Contracted by an organization - A member of an organization such as a provider group, clinic, hospital outpatient clinic or FQHC would be a performing provider. The organization would bill for the services provided by the member/performer of the organization. Reimbursement will be made directly to the organization. Important: The organization and each member of the organization must enroll/re-enroll.

Ordering/Prescribing/Referring provider only - An individual provider who wishes to participate solely as an ordering or prescribing or referring provider who does not intend to bill or receive payment directly from the Connecticut Medical Assistance Program.

[Previous](#) [Next](#) [Exit](#)

# Account Demographics

## Maintain Organization Members

- As of January 1, 2012 DSS required most performing providers employed by or contracted with hospitals or clinics to enroll in the Connecticut Medical Assistance Program.
- Maintain Organization Members panel allows providers to add, view, or separate members of their hospital. Members must first be enrolled in the Connecticut Medical Assistance Program in order to join your organization.
  - Hospitals can only tie providers to their outpatient hospital AVRS ID.
- Members will receive a letter from HP when any additions or separations are made to their association by your organization.

# Account Demographics

## Maintain Organization Members

Base Information > Service Location > Location Name Address > EFT Account > Service Language > **Maintain Organization Members**

**Maintain Organization Members** X

- This Maintain Organization Members panel allows providers to view, add or separate members of their organization. Members must first enroll in the Connecticut Medical Assistance Program in order to join your organization. Members will receive a letter from HP when any additions or separations are made to their association to your organization. Note: 12/31/2299 represents an open ended association with the organization.
- Scroll down to add or separate a member.

Refer to section 10.15 within Chapter 10 of the Provider Manual to view instructions for maintaining your organization members. [Click here to view Chapter 10.](#)

Refer to section 3.1 within Chapter 3 of the Provider Manual to view which provider types and specialties may join your organization. [Click here to view Chapter 3.](#)

# Account Demographics

## Maintain Organization Members

- To add a new member (a provider must be already enrolled in Medicaid), click the add button.
- Search for the provider
  - Enter provider's NPI or AVRS ID and hit search.
- Enter effective date (date of hire or start date at the hospital). This can be backdated up to 6 months from today's date. If it needs to be backdated longer then 6 months it will need DSS approval.
- Enter end date as 12/31/2299 and hit save.

# Account Demographics

## Maintain Organization Members

- The re-enrollment due date for your members will appear under maintaining organization.
- Hospitals should tie providers to their organization only when they are contracted with the hospital.

# Hospital Billing

## ICD-10 Changes

- On October 1, 2014 the ICD-9 code set used to report medical diagnosis and inpatient procedures will be replaced by ICD-10 code sets.
- The transition to ICD-10 is required for all providers, payers and vendors.
- Please note this change does not affect CPT coding for outpatient procedures and physician services.
- The American Medical Association (AMA) ICD-10-CM code set book is available for purchase on the Web. There are multiple Web sites selling the ICD-10-CM code set book.

# Hospital Billing Changes

## ICD-9 Surgical Codes

- Due to the HIPAA 5010 implementation, when submitting outpatient surgical claims you are no longer required to submit ICD-9 surgical procedure codes.
- Starting October 1, 2013, you will no longer be able to enter ICD-9 surgical procedure code when submitting outpatient or outpatient crossover claims through Web claim submission.
- ICD-9 surgical codes can still be submitted on inpatient and inpatient crossover claims.
