ELIGIBILITY VERIFICATION INSTRUCTIONS

INTRODUCTION

Now that you have installed and become familiar with the functionality of the DXC Technology PROVIDER ELECTRONIC SOLUTIONS software, you are ready to verify client eligibility for the Connecticut Medical Assistance Program.

Eligibility request may be submitted by using either the interactive or batch function. An explanation of each can be found on page 16.

The following instructions detail requirements and general information for each section of the eligibility requests for the Connecticut Medical Assistance Program.

In the following sections, each request entry field is defined with the appropriate requirements. Edits have been built into the software to assist you in entering correct eligibility information.

The following pages contain Screen Samples for ELIGIBILITY VERIFICATION requests and instructions for submitting requests to verify a client's eligibility in the Connecticut Medical Assistance Program.

ELIGIBILITY VERIFICATION INSTRUCTIONS

Provider Electronic Solutions contains reference lists of information that you commonly use when you enter and edit forms. For example, you can enter lists of common diagnosis codes, procedure codes, type of bill and admission source and type. All of the lists are available from the data entry section as a drop down list where you can select previously entered data to speed the data entry process and help ensure accuracy of the form.

There are three lists that you are required to complete prior to entering an eligibility transaction. Because this software uses the HIPAA compliant transaction format, there is certain information, which is required for each eligibility transaction. To assist you making sure that all required information is included and save time entering your information, some of the lists are required. These lists are:

- Billing Provider
- Taxonomy

If these lists are not completed prior to keying your transaction, the list will open in the transaction form.

The Client List may be used, but is not required for eligibility requests. If used, other data from this list will auto-plug into the eligibility form, once the client id has been selected.

Some of the lists contain preloaded information that is available for auto-plugging as soon as you install Provider Electronic Solutions. You may choose to enter data in any of the lists soon after you set up Provider Electronic Solutions to take advantage of the auto-plug feature. To create or edit a list, select List from the Main Menu and then select the appropriate item.

Working with Lists

From the Lists option on the menu bar, select the list you want to work with.

Perform one of the following:

- To add a new entry, select Add.
- To edit an existing entry, select the entry and then enter your changes.
- The command buttons for Delete, Undo All, Find, Print, and Close work as titled.

Note: The Select Command button is not visible on the List window unless it has been invoked by double-clicking an autoplug field from a claim screen. Once a List entry has been either added or edited, the Select button **must** be clicked in order for the data to populate the claim screen with the selected List entry.

SUBMITTING BATCH ELIGIBILITY REQUESTS

BATCH:

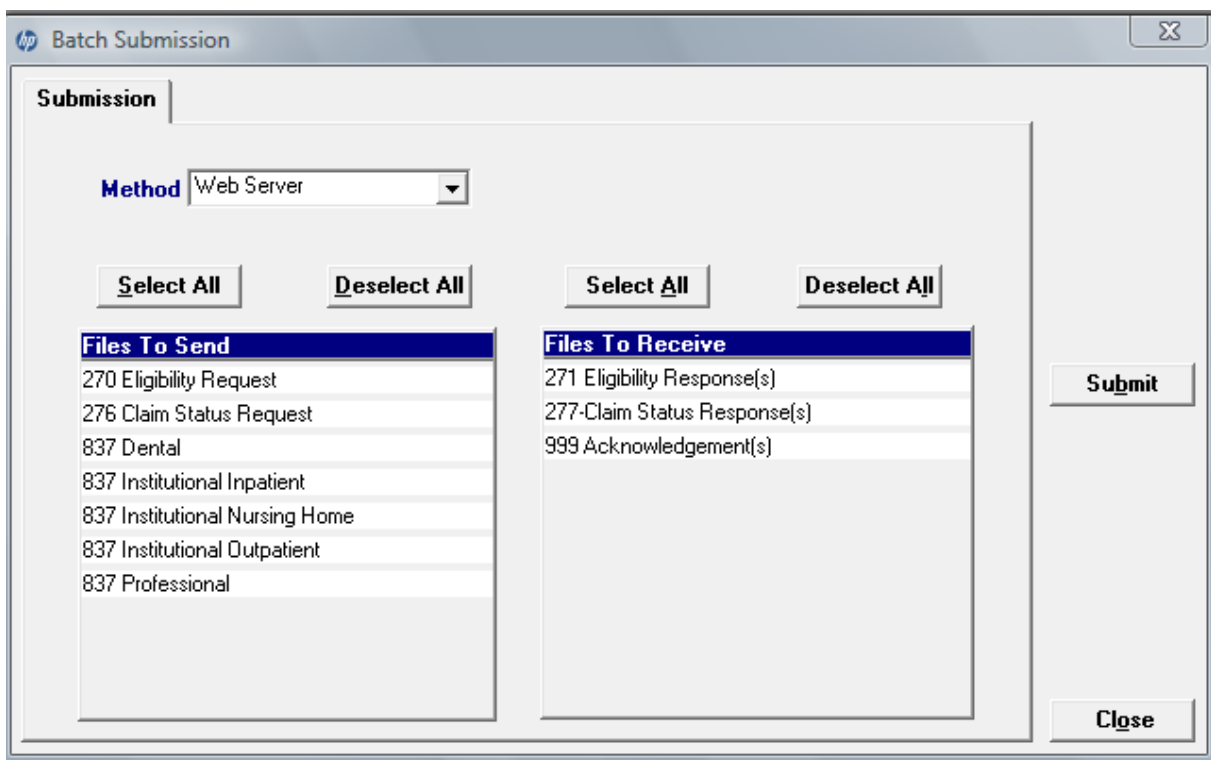

This method of requesting eligibility will allow you to submit multiple requests at once. This batch eligibility request can be used when you have multiple clients to submit at the same time. This is done by:

1. Entering the required information into the Eligibility screens for each client the same as with the interactive request.
2. When you have entered a request for one client, press the "Save" button.
3. Then press the "Add" button and you will see a new request screen.
4. Enter information for the next client and repeat as often as needed to enter requests for all clients.

After completing and saving all your requests, you are now ready to submit a batch. To do this:

ELIGIBILITY VERIFICATION INSTRUCTIONS

1. First close the eligibility window.
2. On the Provider Electronic Solutions main toolbar, select the **Communication** drop down menu.
3. Then select **Submission**. You will see the following screen: (See the following page).

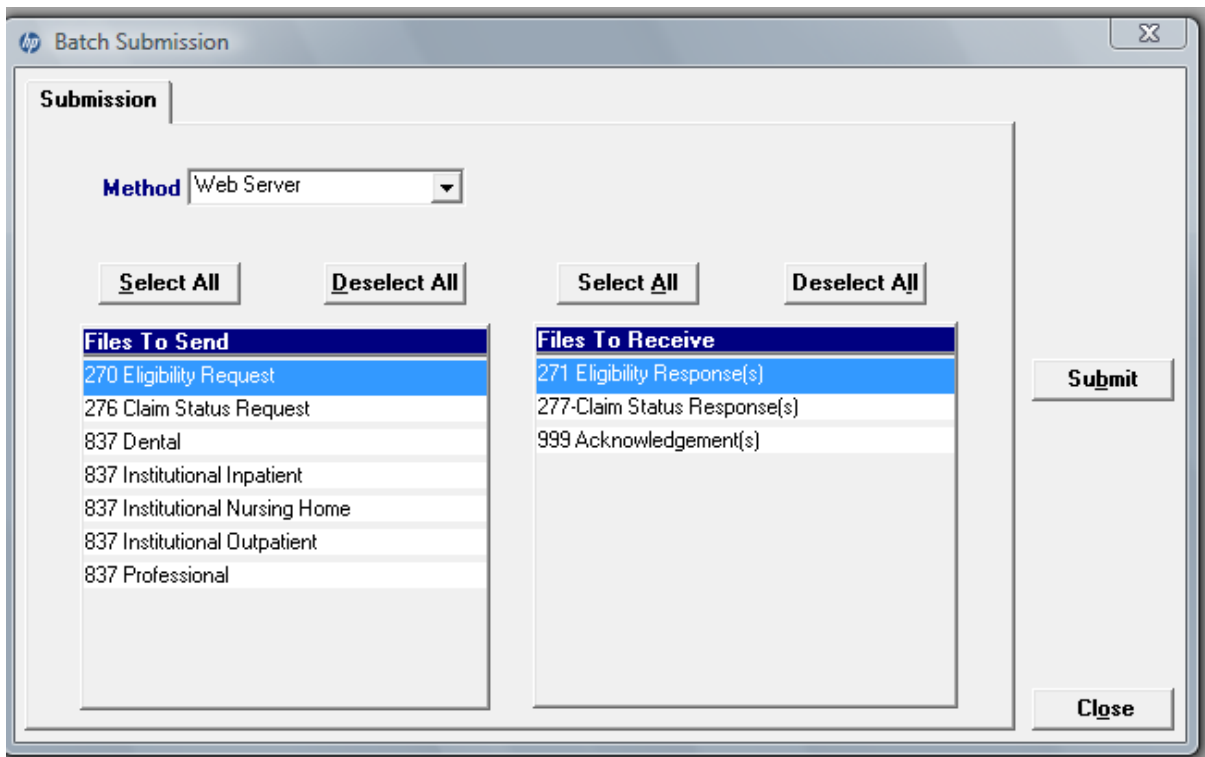

4. Under **Files To Send** select 270 **Eligibility Request**
5. Then click on the Submit button. Once you receive the message "Submission Successful", the batch is processing (the actual processing time will vary according to the size of your batch and the number of other batches submitted). Once this is completed, you may close the screen.

ELIGIBILITY VERIFICATION INSTRUCTIONS

When you are ready to retrieve your responses, you will need to download the eligibility response for the entire batch of clients. To do this:

1. On the Provider Electronic Solutions main toolbar, select the **Communication** drop down menu.
2. Then select **Submission**. You will see the following screen: (See the following page).

3. On the same batch submission screen, you would need to click on the **271 Eligibility Response (s)** for the Verification Response under **Files To Receive**.
4. Then click on **Submit**. (When receiving the batch response, the actual time will vary according to the size of your batch).

Interactive Eligibility Inquiries are available on the Connecticut Medical Assistance Secure Web portal.

This method of requesting eligibility will allow you to receive immediate results on individual client eligibility inquiries.

1. Log into the www.ctdssmap.com secure Web site
2. Click on the **Eligibility** tab on the main menu

ELIGIBILITY VERIFICATION INSTRUCTIONS

3. Enter enough client data to satisfy at least one of the valid search criteria:
 - Client ID + SSN
 - Client ID + Birth Date
 - Birth Date + SSN
 - Full Name + SSN
 - Full Name + Birth Date
4. Click **Search**

VIEWING YOUR RESPONSE

To view your batch response, you need to close the batch submission screen. On the Provider Electronic Solutions toolbar, select the **Communication** menu and then select **View Response**. The “Find” button can be very helpful when locating specific client information on the Eligibility Response Screen. The “Find” feature is case sensitive. In other words, the text you enter, as your selection criteria must match exactly the text that is on the Response Screen in terms of upper and lower case letters.

To find specific text:

1. Click on the **“Find”** option from the Response Screen.
2. In the **“Find What”** box, enter the text you are searching for.
3. Click **“OK”** to activate search.
4. Once the search has completed, you will be referred to the line that matched your selection criteria. If you wish to continue looking for other lines that match the criteria, simply click on “Find Next” from the Response Screen and the search will continue looking for the next occurrence.

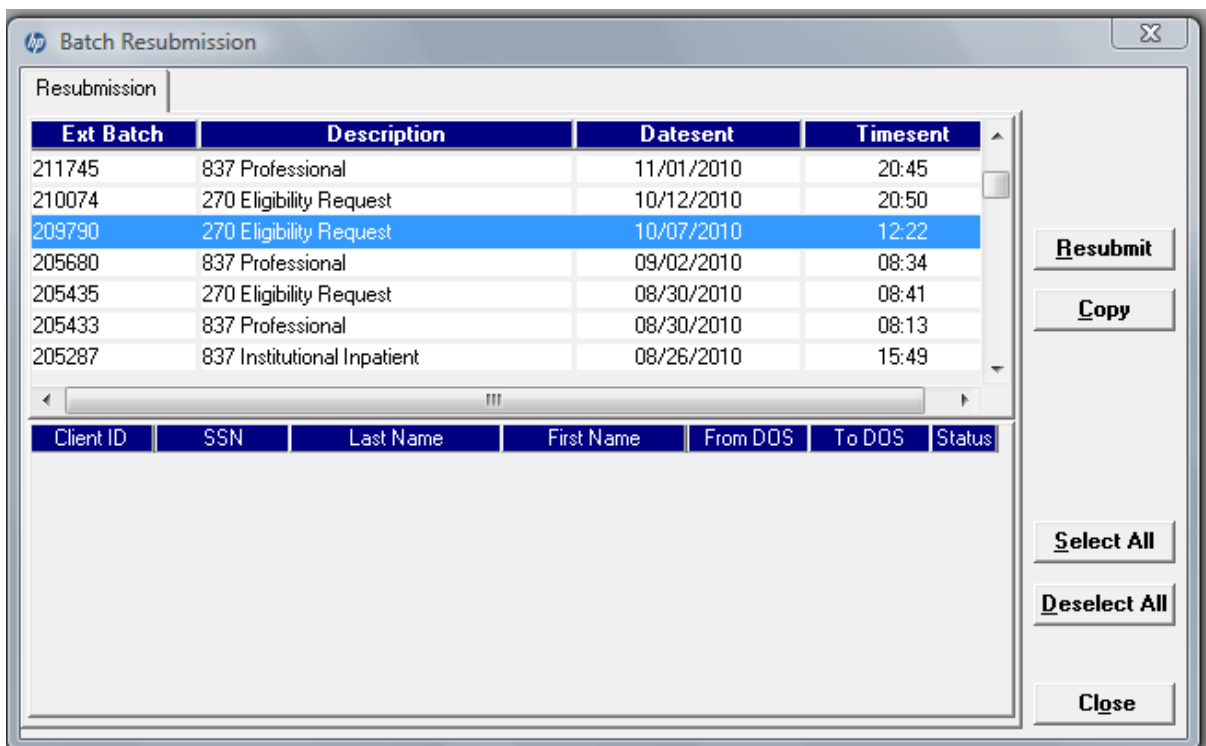

ELIGIBILITY VERIFICATION INSTRUCTIONS

EDIT ALL FEATURE

The “Edit All” command button allows you to resubmit an eligibility batch with new From and Thru dates of service without having to re-key repeated batch requests. This will be especially helpful for providers who need to check eligibility on the same group of clients on a regular basis. This is done by performing the following steps:

1. Click on **“Communication”** on tool bar.
 2. Click on **“Resubmission”** (see screen print on the following page).
 3. Place the cursor on the row in the list of batches that corresponds to the batch you wish to copy and select it by left clicking with the mouse. A list of the forms that were sent in that batch will appear in the bottom half of the window. By default, all of the forms are already selected.
 4. If you wish to copy the entire batch simply click on the **“Copy”** button.
 5. If you wish to copy some of the forms, then click on the forms one by one to select or de-select the individual forms.
 6. Click on the **“Copy”** button when you have completed your selections.
- This option will create a new copy of each of the forms. They will appear in an ‘R’ (Ready) status at the bottom of your new eligibility request.

ELIGIBILITY VERIFICATION INSTRUCTIONS

To change the DOS on all “R” status eligibility requests simultaneously, use the following steps:

1. Click on the **Eligibility Forms** icon
2. Click on the **Edit All** button (see screen print on the following page)
3. Enter the new “From DOS” and “To DOS” and click on the “OK” button. (Only those requests in a Ready status will be edited). The application will locate all of the requests that need to be changed and will ask you if you want to proceed after verifying the number of requests that are going to be changed.

Once you select “Yes”, the changes are final and cannot be undone by the Undo All Command Button.

Once this is accomplished, you are now ready to submit your new batch request. To do this just follow the instructions on pages 14 – 15 of this manual, under the “Batch” topic.
